RESILIENT LEADERSHIP PACKAGE: HEADTEACHERS

WHO'S IT FOR?

Headteachers who want to focus on resilient leadership; clarity of direction, awareness, leadership presence and resilient decision making.

COACHING WITH HEADSUP4HTS

The unique sessions provide a safe, confidential and non-judgmental space, where Headteachers can share their challenges and successes, seek support from colleagues and reflect positively on their impact as school leaders. We focus on resilient leadership: this programme will boost your confidence as a leader, giving you the tools to identify the strengths you can rely on in times of change and even crisis. You will complete a personal assessment to create a resilient leadership profile which will become the basis for our group and 1:1 sessions.
